INFO SESSION

Monday, Oct 26

5:00pm

LBC 202

(Rechler Conference)

The Creative Premedical Scholars Program seeks students who will major in the Liberal Arts at Tulane and pursue a career in medicine after graduation.

Successful applicants receive guaranteed admission to Tulane's School of Medicine without taking the MCAT.

Instead, as undergraduates, Creative Premedical Scholars are free to invest in a course of study within the humanities, social sciences, or fine & performing arts, culminating in their dream project.
