### **UNIVERSITY/SCHOOL/DEPARTMENT/COMMITTEE SERVICE:**

1. A service-learning component (ECON 3890-11) was part of my Economics of Money and Banking (ECON 3100) for 5 semesters (Spring 2018 – Spring 2020). The service learning was carried out with two local partners:
  - Catholic Charities Archdiocese of New Orleans (Spring 2018 – Fall 2019): objective was to assist the refugee community in the Greater New Orleans area with issues related to financial literacy.
  - Junior Achievement of New Orleans (Spring 2020): objective was to assist high school students on best practices for the preparation of business plans.
  
2. Starting in the Fall of 2020, I am heading the committee for the redesign and updating of the economics department website. In conjunction with this task, I am responsible for the development of a yearly newsletter on issues and themes related to the department.
